

DBR0507 Olympic Shoulder Press Bench

DISCOVERY™ SERIES BENCHES & RACKS

Like every piece of equipment in our Discovery™ Series Benches & Racks Line, the DBR0507 Olympic Shoulder Press Bench adds value to your facility by combining essential performance and durability with thoughtful design.

The strong and sturdy Discovery Series Olympic Shoulder Press Bench provides optimal exerciser positioning to execute over head shoulder press movements. Thoughtful additions, like the non-slip spotter platform, support proper spotter positioning.

Strength equipment is a long-term investment and with the Discovery Series from Precor, you can make your strength purchase with confidence. With a full range of approachable and intuitive products that perform for exercisers of all ability levels and will withstand the test of time, the Discovery Series is the straightforward strength solution you've been looking for.

DBR0507 Olympic Shoulder Press Bench

DISCOVERY™ SERIES BENCHES & RACKS

Product Features

1. Bench Design

The angled upright bench enables easy picking of the Olympic Bar with unencumbered range-of-motion and minimal external rotation of the shoulder joint. The tapered seat allows the exerciser to establish a comfortable “three point” stance position that increases stability during lifts.

2. Easy-to-Use Adjustments

The adjustable seat and front and rear bar catches provide proper fit and take-off point for a wide range of exercisers.

3. Wear Guards

High-impact, polyurethane wear guards help protect the bench and Olympic Bar from metal-on-metal contact and are segmented for easy replacement.

4. Built-in-Storage

The four conveniently positioned weight storage horns accommodate Olympic and Bumper-style plates without overlap, providing quick and easy access.

5. Pad Backing Plates

Injection molded pad backing plates help protect the seat and back pad edges from wear and tear.

SPECIFICATIONS

Dimensions (L x W x H):	53.4 x 64 x 72 in / 135.5 x 162 x 183 cm
