Resolute™ Strength Selectorized Line

Leg Press

Resolve to make your selectorized strength equipment purchase with confidence—choose the Resolute™ Strength line from Precor. It delivers on what matters most: your investment will withstand the test of time.

The intelligent design of the Resolute Strength Leg Press offers very targeted training of the quadracep muscles without spinal compression. Exercisers will find adjustments conveniently located from their seated position.

Resolute™ Strength Selectorized Line

Leg Press

Biomechanically Sound

The back pad of the Resolute Leg Press is angled at 35 degrees to encourage proper exerciser form and provides the optimum position for transmitting force to the platform without spinal compression. The oversized, fixed footplate offers a stable platform to work from.

Designed to Go the Distance

Sealed ball-bearings traveling on chrome plated rails means quieter operation. Over-sized steel tubing lends a sleek, contemporary shape and a more durable product. Tested to 250,000 cycles, the Resolute Leg Press is designed to go the distance.

Focused on the Experience

Thoughtful design elements like the integrated step ledge allow exercisers to enter and exit the Resolute Leg Press with ease. Once seated, exercisers can easily personalize the fit and the weight load. Our patented add-on weight requires just a flip of a switch.

Advanced Training with Sony® Advagym

Strength training has gone digital. Add the Sony Advagym training and tracking system, along with the app, to give your exercisers a whole new way to train. Through the Advagym app, personal trainers can prescribe workouts and monitor their clients' progress.

Specifications
