

TRM 761

Experience™ Series

Treadmill

Product Highlights

The TRM 761 combines essential reliability and ease-of-use with touchscreen technology at a value just right for you. This treadmill is designed to optimize performance and maintenance while providing a comfortable and effective workout for your exercisers. The simple, clean design holds up under heavy commercial use, ensuring your investment will last into the future.

Product Features

1. P62 Console

The P62 console features personalized viewing and the remarkable clarity of TV and internet options that exercisers crave, all in a 10 in / 25.4 cm screen. With the ability to “favorite” selections for the future, exercisers can customize their workout experience based on what’s important to them.

2. Motor Drive System

The 4 HP high-efficiency AC-motor drive (8 HP peak) improves performance, efficiency, and reliability through improved internal cooling, a wider operating range, and unique input current averaging to identify more precisely when a running belt requires replacement.

3. Integrated Footplant Technology™

Recognizes exercisers’ natural foot speed and matches every stride for an ultra-smooth feel that enhances their workout experience.

4. Ground Effects® Impact Control System

Our patented system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers’ feet hit the belt and added rigidity at the back for a firm push-off.

5. Active Status Light

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.

Storm Grey

Refined colorways with dark Tungsten covers and two frame color options, Storm Grey and Black Pearl.

Black Pearl

Specifications

Dimensions (L x W x H): 83 x 35 x 68.5 in / 211 x 89 x 174 cm

Equipment Weight: 405 lb / 185 kg

Step-Up Height: 9.5 in / 24 cm

Handrail Length: 18 in / 46 cm

Running Surface: 60 x 22 in / 153 x 56 cm

Power: 120 volt, 20 amp individual branch circuit

Total Workouts: 27

Elevation Range: 0% to 15% incline in 0.5% increments

Speed Range: 0.5 - 12 mph / 0.8 - 19.2 km/h

Motor Drive: 4 HP high-efficiency AC-motor (8 HP peak)
