### Product Features

#### 1. P82 Touchscreen Console Connects to Apple Watch\*

The P82 console offers a brilliant 15 inch screen that's ergonomically positioned to deliver crystal clear entertainment viewing for exercisers in motion. When networked, it is also a direct-to-exerciser communication portal allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility. Available with the optional Precor Smart Watch Connector for Apple Watch®.

#### 2. Motor Drive System

The 4 HP high-efficiency AC-motor drive (8 HP peak) improves performance, efficiency, and reliability through improved internal cooling, a wider operating range, and unique input current averaging to identify more precisely when a running belt requires replacement.

#### 3. Integrated Footplant Technology™

Recognizes exercisers' natural foot speed and matches every stride for an ultra-smooth feel that enhances their workout experience.

#### 4. Ground Effects® Impact Control System

Our patented system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers' feet hit the belt and added rigidity at the back for a firm push-off.

#### 5. Active Status Light

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.
