

SCHWINN

RIDE AS **ONE**

SCHWINN X BIKE

The X Bikes offer a tech-free experience ideal for music-focused group cycling studios as well as Multi-unit housing and hospitality fitness centers that do not offer guided classes. With optional 4iiii powermeter, members and guests can bring their phone or personal fitness device to track and store their personal data.

SUSTAINABILITY

SAY NO TO STYROFOAM

Creating positive impact through thoughtful action. In order to reduce our packaging's negative influence on marine life and waterways, we have replaced expanded polystyrene (EPS) with 100% recycled corrugate, which can be recycled again to also use less raw material. Look for ways to reduce your disposal fees and environmental impact with recycling!

CUSTOMIZATION

We know what it takes to build an authentic, meaningful brand experience. Our customization program is the perfect way to leverage all that hard work into creating an amazing group cycle experience. Whether your goal is creating a tranquil place to unwind or a high-energy disco ball clad club scene, our consultative approach will get you there.
