

DPL0305

Discovery™ Series Plate Loaded Line

Pulldown

The Discovery Series Plate Loaded Pulldown features independent movement arms and diverging pulling angles to increase the range of motion of the exercise. A regressive strength curve reduces force at the bottom of the movement to provide resistance through the full range of motion for a solid workout, time after time.

Strength equipment is a long-term investment and with the Discovery Series from Precor, you can make your strength purchase decision with confidence. With a full range of products that are approachable and intuitive, perform for exercisers of all ability levels, and will withstand the test of time, the Discovery Series is the straightforward strength solution you've been looking for.

Discovery™ Series Plate Loaded Line

Pulldown

Independent Movement Arms

Designed to demand greater balance and core muscle engagement, the independent movement arms, and diverging pulling angles increase the range of motion throughout the exercise. A regressive strength curve reduces force at the bottom of the movement to allow for resistance through the full range of motion.

Grip Options

A traditional wide grip position and narrow grip position give exercisers the ability to choose the gripping style that best suits their workout.

Ratcheting Seat Adjustment

The ratcheting, gas-assisted seat adjustment features an ergonomic, over-molded rubber adjustment handle, making it easy and comfortable for exercisers to get the right fit.

Weight Storage Horns

The four weight horns are optimally positioned for easy loading and unloading of weights and provide storage for over 600 lb / 272 kg of weight plates.

Instructional Placard

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.

Specifications

Dimensions (L x W x H): 66 x 51 x 76.5 in / 168 x 130 x 194 cm

Product Weight: 326 lb / 148 kg

Workout Area: 66 x 51 in / 168 x 130 cm

Starting Weight: 5 lb / 2.5 kg

Max Load Weight: 450 lb / 204 kg

Weight Storage Horns: 4
