

DPL0603

Discovery™ Series Plate Loaded Line

Hack Squat

The unique seat design of the Discovery Series Plate Loaded Hack Squat places the exerciser in a more natural and comfortable upright position. This allows the resistance load to be placed directly on the hips, where it is better stabilized and able to recruit the lower body muscles.

Strength equipment is a long-term investment and with the Discovery Series from Precor, you can make your strength purchase decision with confidence. With a full range of products that are approachable and intuitive, perform for exercisers of all ability levels, and will withstand the test of time, the Discovery Series is the straightforward strength solution you've been looking for.

Discovery™ Series Plate Loaded Line

Hack Squat

Natural Body Positioning

The upright body positioning of the unique “hip sled” design loads the resistance on the hips instead of the spine, resulting in a comfortable, effective, and targeted lower body exercise.

Non-slip Foot Platform

The non-slip, flattened foot platform provides stable positioning for constant foot contact throughout the range of motion. The added calf raise lip provides a purposeful edge to perform calf raise exercises.

Easy-to-Use Adjustments

An open access seat with conveniently positioned handles and an intuitive “On/Off” carriage lock lever create a product that a wide range of exercisers can use effectively and with confidence.

Weight Plate Storage

Weight plate storage is optimized for easy loading and unloading with weight plate horns positioned at a height that is within reach for a wide range of exercisers.

Instructional Placard

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.

Specifications

Dimensions (L x W x H): 82 x 64 x 58 in / 208 x 162 x 148 cm

Product Weight: 485 lb / 220 kg

Starting Weight: 85 lb / 40 kg

Max Lift Load Capacity: 720 lb / 327 kg

Weight Storage Horns: 4
