## SIMPLIFIED USER CONTROL

No longer do you need to press and hold buttons - the Boost 2 offers quick and accurate adjustment of speed and body weight via an easy and intuitive knob control.

## PRECISION HEIGHT CONTROL

Precision height control lifts precisely from 4'6" to 7'.

With no manual lifting involved, the Boost 2 offers a quick, easy, and safe, entry/exist.

## SLAT BELT

The original patented Woodway slat-belt remains best-in-class. The Woodway belt is clinically proven to reduce shock and increase comfort.
