Enhancing Your Commercial Space

The **RedFuzion Rejuve** Infrared Sauna is designed for high-traffic environments like fitness centers and spas. Powerful full surround red-light chromolight LEDs system delivers efficient (10-15 minute) recovery sessions. Built from premium Canadian Red Cedar, it offers two door options: a mirrored glass door or a wooden door with window for privacy. Spacious enough to fit 2 people, it optimizes results, your business's time and maximized services while delivering a premium wellness experience with its advanced Chromolight technology.

What Sets Us Apart

Seventy Four (74) Red-Light Chromolight Boxes with 8 Color Wavelengths
Delivers a full-spectrum experience with 8 color wavelengths to enhance overall wellness.

Advanced Full Spectrum Near & Far Infrared Carbon Heating
Incorporates state-of-the-art full spectrum carbon heaters for efficient, deep infrared heat.

Gemstone Emitters
Features Jade and Bian & Tourmaline genuine gemstone emitters, providing natural energy enhancement and adding a unique, rejuvenating element to each sauna experience.

Patented Technology
Exclusive design backed by USA patented technology, making the RedFuzion™ Rejuve a one-of-a-kind wellness solution.

Door Options
Choose between a durable reinforced mirrored glass door, featuring thicker glass to withstand repeated use, or a full wooden door with a vertical privacy window. The glass door comes with a translucent gold reflection mirror coating, adding an extra touch of elegance to your sauna space.

Built for Commercial Use
