

## CARDIO

# Elliptical Fitness Crosstrainer® III

## EFX® 885

### Product Highlights

The EFX® 885 with Converging CrossRamp® combines essential reliability and ease-of-use with a natural, low-impact stride to add value to your facility. Design enhancements ensure easy cleaning and maintenance for you, while the unique adjustable Converging CrossRamp® technology and upper body moving handlebars deliver a total body workout for your exercisers.

### Product Features

#### CONVERGING CROSSRAMP

Our patented converging footpath design and incline adjustments between 10 - 35 degrees, along with 20 levels of resistance, give exercisers a challenging workout with a more natural feeling stride. Exercisers easily target glutes, quadriceps, and calves to create a well-rounded workout tailored to their fitness goals. Large open pedals, a low step-over height, and an accessible 10-degree starting angle make it simple for beginners to get started, while higher inclines and resistance challenge advanced exercisers.

#### HANDLEBARS

The moving handlebars deliver a full-body workout with every session. Fixed grips provide stability and confidence for exercisers focused on lower-body training, making the EFX adaptable for all fitness levels.

#### P84 TOUCHSCREEN CONSOLE

The P84 console features a brilliant 16-inch touchscreen that combines performance, entertainment, and workout variety. Exercisers can enjoy seamless wireless casting that provides access to thousands of third-party fitness and media apps. They can also stream content through fully integrated PlutoTV, Netflix and YouTube apps --putting the content they want, right at their fingertips.

#### COVERED REAR DRIVE HOUSING

Maintenance is easy with a covered ramp and rear drive housing that enable quick access for cleaning.

#### ACTIVE STATUS LIGHT

Alerts staff at a glance when the EFX needs maintenance or service.
