CLMBR 02

JOIN THE CLMBR COMMUNITY

Our Mission /

To revolutionize the climbing machine and empower every person to achieve more with greater efficiency. Every detail of the CLMBR has been designed and engineered with the end-user in mind.

INTRODUCING

CLMBR 02

The best workout machine just got better.

CLMBR 02 delivers staggering performance in an elegant package built for a commercial environment.
Never before has one machine offered so much. From boutique gyms, to studios, to homes CLMBR 02 was built for you.

THE BEAUTY OF THE WORKOUT

Don't let the beautiful award winning machine fool you. The CLMBR 02 is built to last and has been re-engineered to ensure it can not only deliver a workout but take one.

DESIGN AWARD 2022

YOUR GATEWAY TO AN IMMERSIVE WORKOUT

The enhanced new display ensures crisper graphics, responsiveness, and processing power. The stunning visuals combined with the 2.1 surround sound system and Dolby-enhanced subwoofer provides room-filling sound.

HANDLES THAT MOVE WITH YOU

The new handles allow more customized positions to ensure they fit every user every time.

A STABLE BASE FOR EVERY WORKOUT

Pedals are 2x stronger, easier to install, and feature robust foot-straps for greater security.

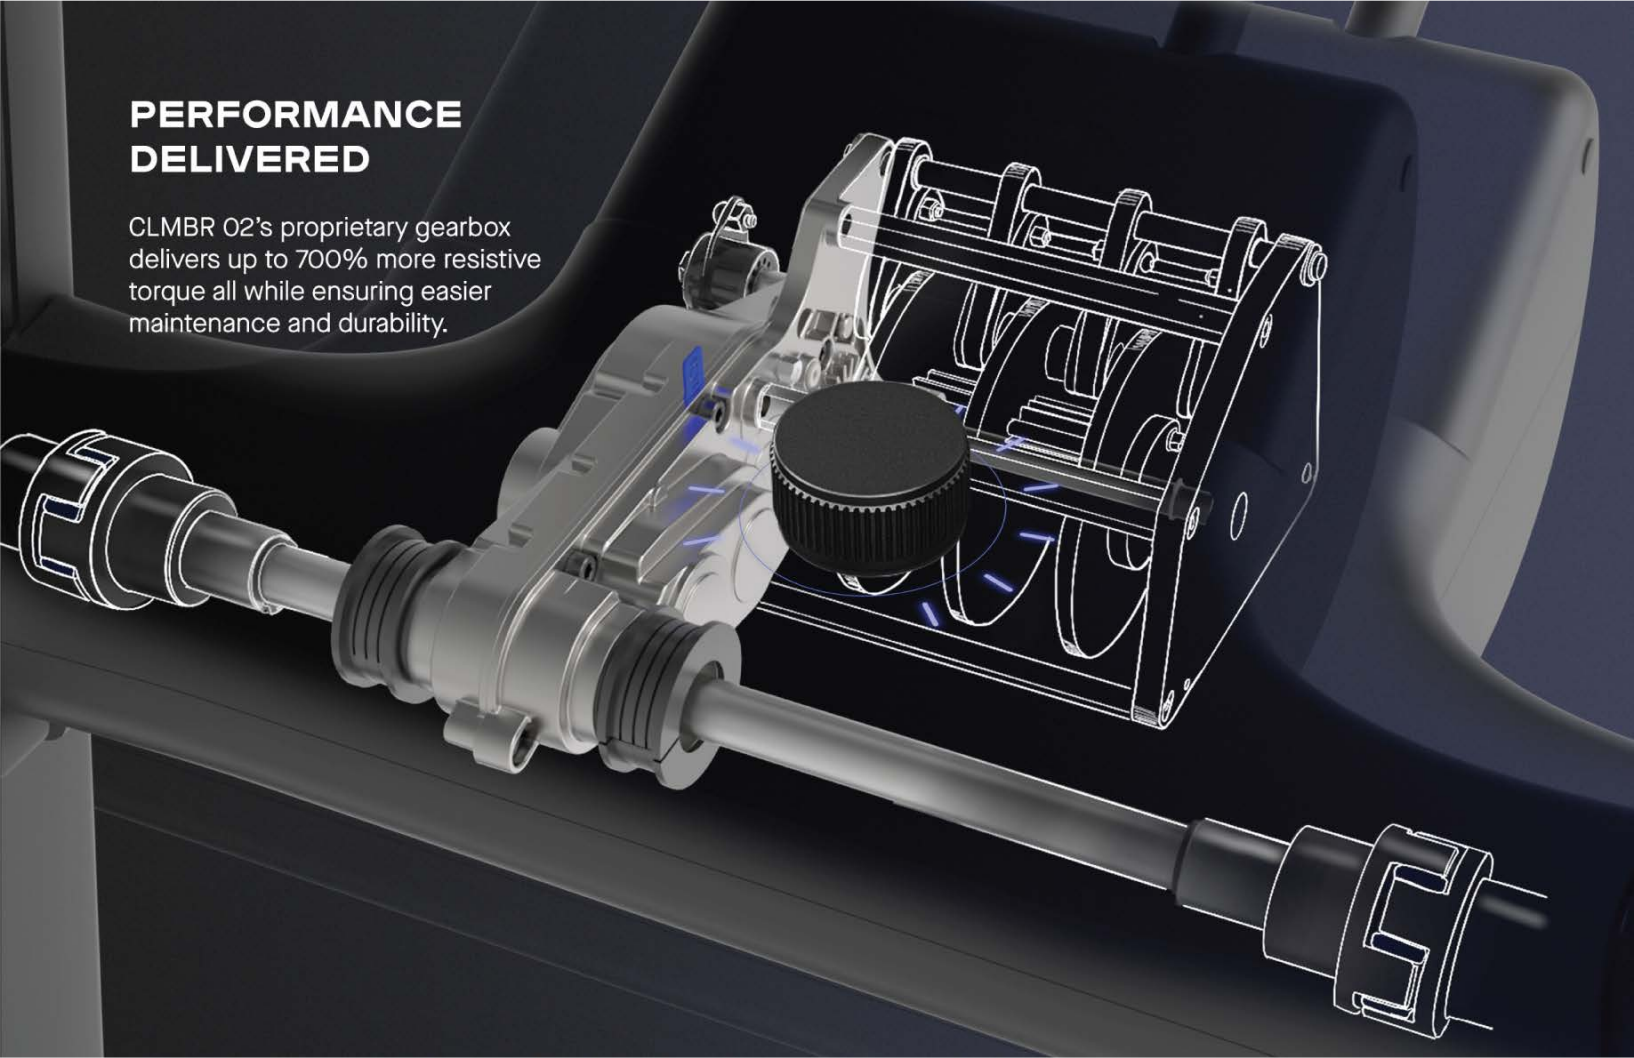

FUNCTION DEFINES FORM

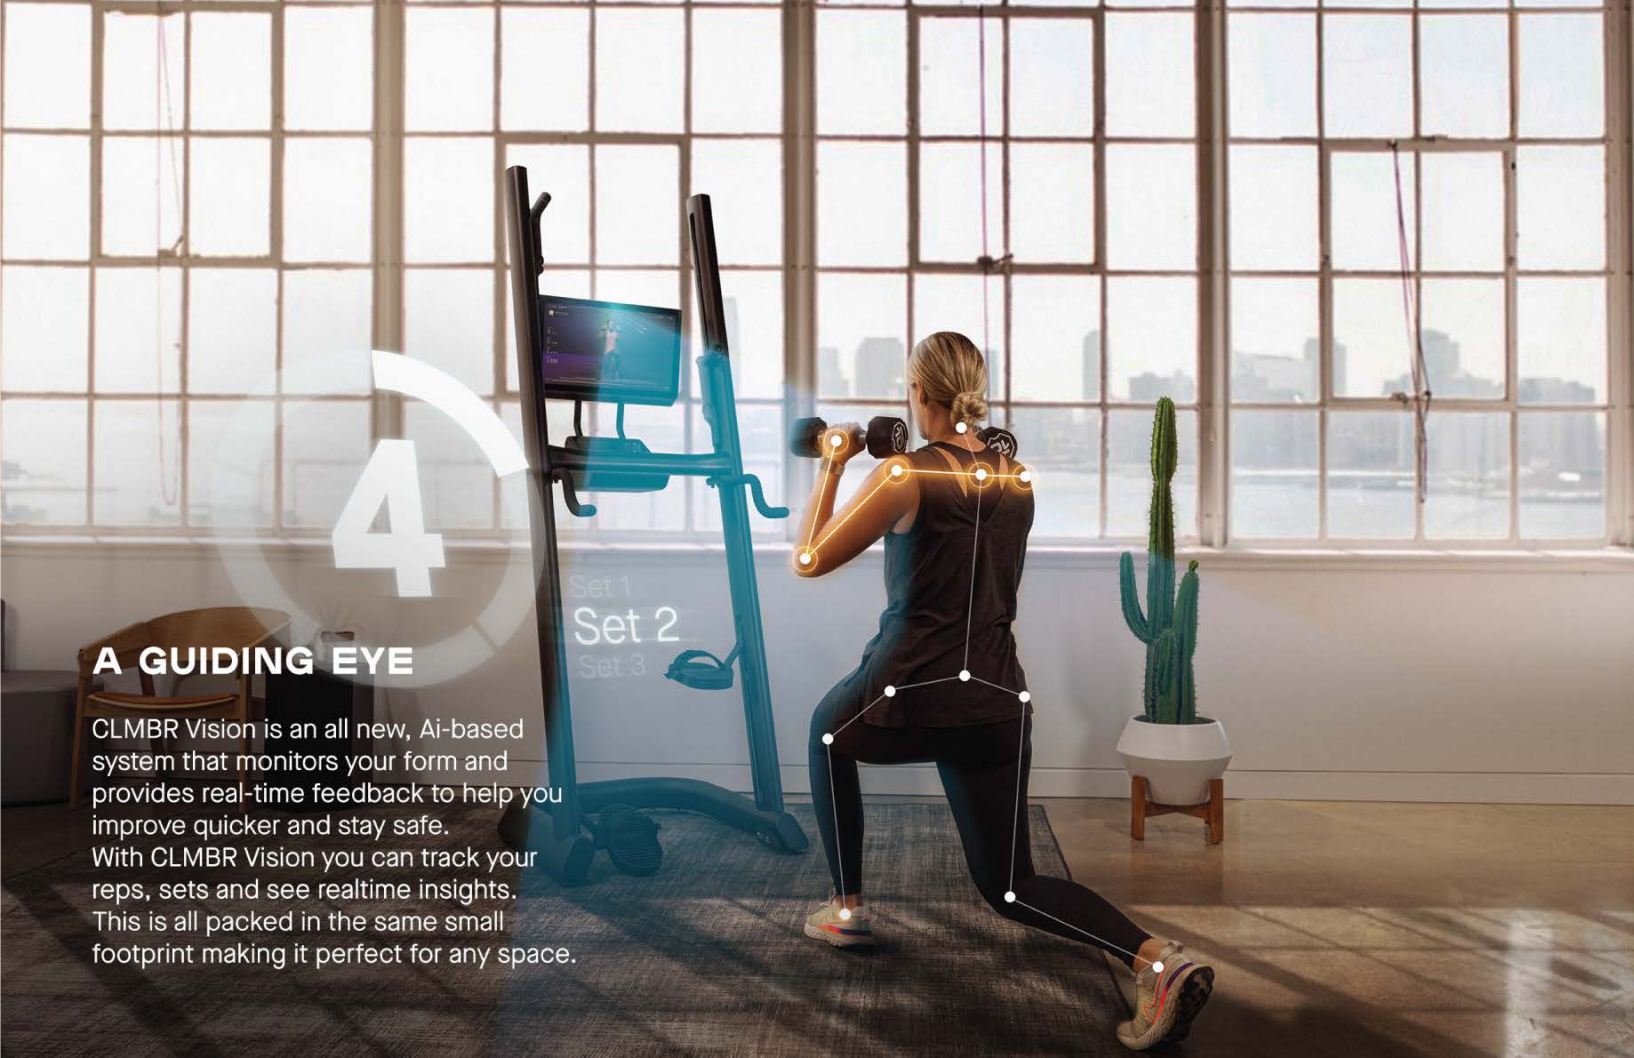

Every element of the CLMBR 02 has been designed and engineered to deliver the perfect harmony of function and beauty.

VERTICAL UPRIGHTS

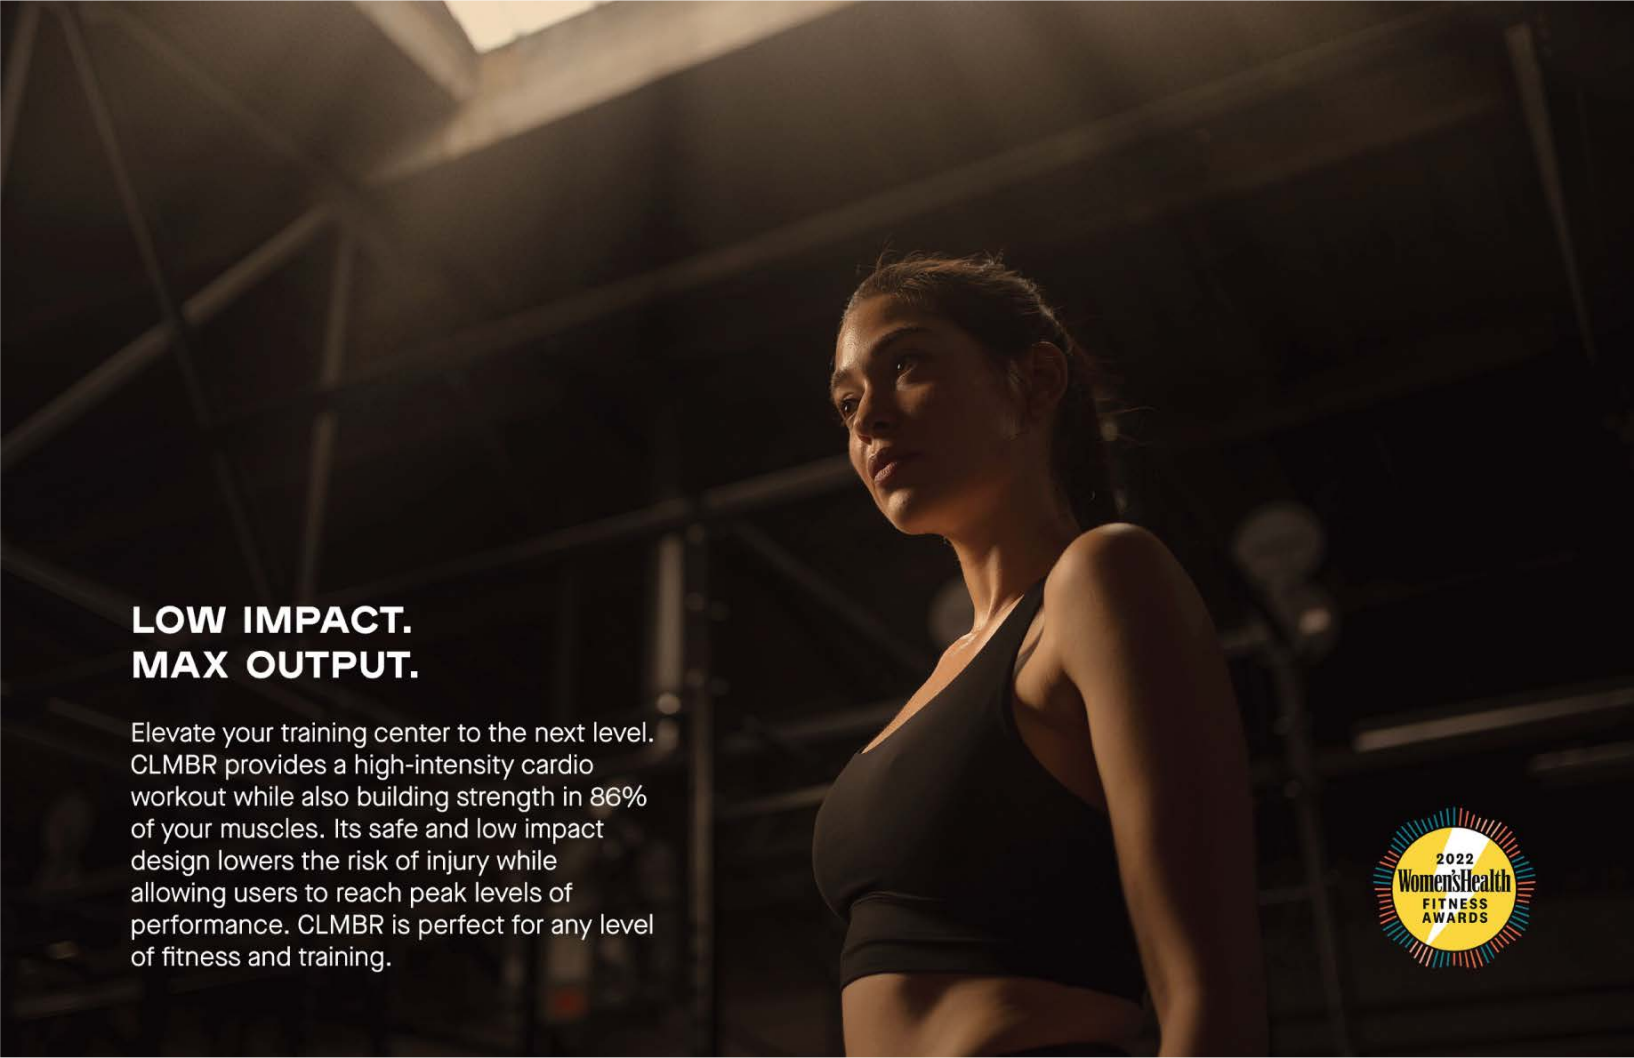

The uprights now have larger pulley diameters to promote optimal belt performance and limit belt noise.

PERFORMANCE
DELIVERED
CLMBR 02's proprietary gearbox delivers up to 700% more resistive torque all while ensuring easier maintenance and durability.

A GUIDING EYE

CLMBR Vision is an all new, Ai-based system that monitors your form and provides real-time feedback to help you improve quicker and stay safe.
With CLMBR Vision you can track your reps, sets and see realtime insights. This is all packed in the same small footprint making it perfect for any space.

LOW IMPACT.
MAX OUTPUT.
Elevate your training center to the next level. CLMBR provides a high-intensity cardio workout while also building strength in 86% of your muscles. Its safe and low impact design lowers the risk of injury while allowing users to reach peak levels of performance. CLMBR is perfect for any level of fitness and training.

AWARDS

TOUCH DISPLAY + DASHBOARD

The new display has crisper graphics and high-quality optically bonded touch LED layer. An industry first, CLMBR offers a customizable home screen with over 36 widgets. Choose which real-time metrics are most important to you.

COMPETITIONS

Go against others and test your true skills and endurance. Choose to participate in either distance or time-based competitions. Immerse yourself as you compete against other members of the CLMBR Community.

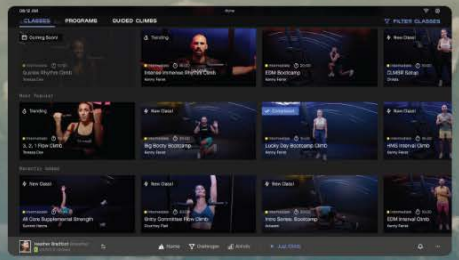

BENCHMARKS

There's no better competition than one with yourself. Set sprint, endurance, and power benchmarks to track your progress over time.

CHALLENGES

Climb your way to some of the world's most famous peaks in our monthly challenges. With varying duration and distance per challenge, each month will keep you on your toes as you elevate yourself to new heights.

CLASS LIBRARY

We offer workouts for everyone, whether your fitness level is beginner, intermediate, or advanced. We'll push you to reach new heights on your climbing journey.

ON-DEMAND GUIDES

Our world-class Guides will keep you motivated throughout your climb. More importantly, keeping it fun as you elevate yourself to new heights.

GUIDED CLIMBS

With targeted movements to guide you through the climb, push yourself to new limits with this metric-centric option.

MOBILE APP

Our Mobile APP makes setting up your CLMBR a breeze. With the mobile app you can also review your workout data on-the-go, browse hundreds of classes, share workouts, connect with friends, and so much more - it puts CLMBR at your fingertips.

Download on the App Store

GET IT ON Google Play

BLUETOOTH ENABLED

Every CLMBR comes fully equipped with modern bluetooth capabilities, allowing you to seamlessly connect to other bluetooth enabled devices like fitness trackers and headphones.
