All specifications contained herein are based on info at time of publication and subject to change.

GROUP/CIRCUIT DISPLAY

Group/Circuit mode allows multiple users to track stats while training.

Speed (Current/Peak/Average); Time (Total/Pace); Calories (Total/Active/ Mets/ Watts).

Heart Rate when paired via Bluetooth® wireless technology or ANT+.

ERGONOMIC DESIGN

The LTG is designed to be user-friendly while maximizing health benefits. Our design puts less stress on your joints, tendons and muscle tissue. The curved uprights and non-slip side covers reduce falls and provide a stable platform to step-up or off the treadmill.

SLAT BELT

The original patented Woodway slat-belt remains best-in-class. Our belt is clinically proven to reduce shock and increase comfort. We optimize our products so you can optimize your workouts. The non-motorized treadmill is ideal for walking, jogging, middle distance runs, and HIIT Training.
